The image contains a plot titled "GEOTAIL EPI KP" with various data sets and annotations. The plot includes scales for 67 keV H and 129 keV H, with different axes labeled for UT, X_GSM, Y_GSM(GSE), and Z_GSM(GSE). The plot is marked with data points for different UT times and positions in GSM and GSE coordinates. The data points are scattered across the plot, indicating variations in the measured values at different times and positions.
